

The Redruth and District Chamber of Commerce

The Redruth and District Chamber of Commerce is an Organization of local business owners who are committed to the improvement and enrichment of our community. Together with one voice we will endeavor to make Redruth a prosperous and successful town.

This Chamber of Commerce has a very rich and illustrious history. The Redruth and District Chamber of Commerce is one of the oldest Chambers in the United Kingdom. It was granted a Royal Charter and continues to function to this day.

Over time businesses and people come and go but one thing remains constant. Redruth remains. This is our home and we have chosen to be here and do business here. As individual business people we can succeed on our own merits and hard work. As a group however we can influence and in some cases change things to the benefit of all. Being part of a team is beneficial to the team members, especially when the team has a common goal and works together to achieve that goal. Individuals will struggle and work harder alone, having a team to share successes with and discuss issues amongst helps to relieve some of the pressures and stress of going it alone.

How can the Chamber of Commerce help you as a business owner? Look inside and discover what a member of this Team can do for you and your business.

What does the Chamber of Commerce do?

The Chamber meets regularly. Our members are welcome to bring new ideas, innovative concepts and suggestions as to how we can improve the business environment within our community.

We share information as to changes in laws and regulations implemented by government and how those changes impact our local businesses.

The Chamber works as a Team to develop a cooperative and friendly environment within our community to create an atmosphere where people want to come to shop and enjoy a day in town.

The Chamber as an Organization has the ability to negotiate better group rates for business insurance, various purchases and other expenses that might otherwise as individuals cost more.

Discuss current issues affecting business trade within the community and as an organization works together to correct those issues.

Whilst these are not all of the things that the Chamber does and is involved in they are meant to provide a brief idea as to what your Chamber of Commerce does and how it can benefit and help your business.

Most importantly the Chamber is a Team working together for the benefit of all.

Working together for a Better Redruth.

What are the goals of the Chamber of Commerce?

Our Primary Goal as an Organization is: Through cooperation and teamwork we will create a prosperous and successful business environment within our community.

To develop new and creative ways to Market and Promote the town of Redruth and the businesses within our District.

To create an atmosphere of friendship, cooperation and trust within the business community.

To increase membership to every business within the District, thereby giving this organization a voice that will carry to the halls of Westminster.

Through cooperation and good will, we will work together with the Town Council to promote the Town of Redruth.

To improve the standard of living for all members of the Redruth community.

Our Ethos.

Regardless of size, income or numbers of shops or employees; every business in the Chamber is equal and has a voice.

No one person or business is more important than any other, every member has the right to be heard and express their opinion.

No group can be successful without its members. No town can grow and prosper without its people. Working together with a common cause nothing is impossible, the difficulty is acknowledging that we cannot do it alone. The future is dependent upon the cooperation and teamwork of every member of our community.

We must ALL work together for a Better Redruth.

Redruth, a town where nothing is impossible.

**The Redruth and District Chamber of Commerce
Working together for all.**
